No worries, just black it out on your receipt. And remember when you download the App, use our zip code 20617 to look for our school.

DEAR FAMILY,

Did you know the arts are the foundational building blocks for all the other educational disciplines? That’s why we have partnered with your child’s school to create a unique opportunity to celebrate their artistic accomplishments while raising much needed funds for the school.

Coming home soon will be your child’s custom catalog featuring their artwork. Won’t you help make your child feel like an accomplished artist by purchasing keepsakes for the whole family containing their masterpiece? The school earns profit from every order. And as a thank you for participating, we provide each child with a sheet of stickers imprinted with their artwork - absolutely FREE!

Watch for more details about the campaign and order deadlines. All online and paper order forms must be turned in by the due date on your child’s custom catalog. (No late orders can be accepted.)

Together, we can help support the school, build your child’s self-esteem, and create lasting keepsakes from your child’s artistic achievements.

Mrs. Rison

*Packets will be coming home soon! Orders can be made online or sent in to Mrs. Rison. Questions? rison@bryantown.org

Information on SMS text messaging and Short Codes.

SMS stands for Short Message Service and is commonly referred to as a "text message". Most cell phones support this type of text messaging. Our notification provider, SchoolMessenger, uses a true SMS protocol developed by the telecommunications industry specifically for mass text messaging, referred to as "short code" texting. This method is fast, secure and highly reliable because it is strictly regulated by the wireless carriers and allows access only approved providers. If you've ever sent a text vote for a TV show to a number like 46999, you have used short code texting.

What is the Maryland Education Credit?

The Maryland Education Credit would propel business investment in Pre-K-12 education, particularly for Maryland’s lower- and middle-income students. Businesses, small and large alike, would be able to donate to assist families with educational expenses and then receive a tax credit in the amount of 60% of a corporation’s total donation. Donations would then be dispersed to families to help pay for tuition, supplies, tutoring, transportation and special needs services, through state-registered and regulated scholarship or “Student Assistance Organizations”. Up to $15 million in tax credits would be available in two dedicated funds, one for the benefit of public school families and one for the benefit of Catholic and other nonpublic school families.

Through this tax credit, businesses can afford to give back to Maryland’s families now and help nurture their future workforce. Many businesses have pledged their support for this initiative and are ready and willing to invest in Maryland’s students upon its passage by our state legislature.

Why do we need an education tax credit?

Catholic and other nonpublic schools are not only an important part of Maryland’s heritage, but also integral to its future. They provide a quality education, stabilize neighborhoods and fuel Maryland’s economy. Moreover, Maryland’s nonpublic schools save the state nearly $1.5 BILLION dollars per year by educating over 100,000 students outside of its public schools!

Due to rising costs, however, nonpublic school enrollment has decreased by approximately 45,000 students in the past decade, representing an almost one-third decline in the total student body. During that time period, approximately 175 nonpublic schools have been forced to close their doors. Our state legislature must act now to prevent more school closures by combating rising costs and increasing affordability for families, both of which the Maryland Education Credit will help accomplish.

How will the Education Credit help Catholic schools?

The Education Credit will help lower- and middle-income families afford tuition and other educational expenses for their children, thus giving them the opportunity to attend the schools which best suit their needs. Furthermore, the influx of business investment will lower costs across the board, for schools and children alike. In short, more private philanthropy means lower costs for parents. That, in turn, leads to higher enrollments, thus improving the financial stability of our Catholic schools. On top of that, businesses benefit by receiving tax credit incentives which would act to stimulate the economy.

How you and your school can support the Maryland Education Credit:

• Encourage everyone in your school community to take the Education Credit Pledge and promise to reach out to their legislators at www.educationmaryland.org/pledge. It’ll give you a quick, easy way to voice your support!
• Enlist the support of the business community, including business owners, executives or business networks. Encourage business owners to become a Maryland Education Credit Business Partner by signing up at www.educationmaryland.org/BusinessPartners
• Invite Senators and Delegates from your district to visit your school. Feel free to contact the Maryland Catholic Conference for assistance.
• Send a group from your school to Nonpublic School Advocacy Day during the 2016 legislative session.

LET’S GIVE OUR KIDS THE CREDIT!

For questions on the Maryland Education Credit, please contact Garrett J. O’Day, Esq., Associate Director for Education, Children & Families at the Maryland Catholic Conference via email at garrett@mdcathcon.org or by phone at 410-269-1155.
